

KS4 Destination Data

The information below is a summary of the destinations that Year 11 students go on to. The tables which are from RAISE/ASP show the sustained destinations of Year 11 leavers i.e. not just what the students go in to when they finish Year 11 but how many stay in the chosen destination after six months. Figures from 2016 and 2017 are as yet un-validated and may be incomplete.
