Mildenhall College  
ACADEMY

@MilCollege

## Principal's Welcome

Welcome to Mildenhall College Academy's 2020 Awards. Whilst this is not how we would usually celebrate, we believe it is still important to recognise the effort and achievements of our students throughout 2019-20.

This awards newsletter highlights how amazing the students of MCA are and the staff who help them in their education and personal development. It is important that the academy, Parents/Carers and students work together and this also means celebrating together.

We have all been challenged over the last 9 months and we will have to continue to show resilience in the face of the pandemic for a while longer. I am confident that the MCA community can and will continue to lead from the front in doing so.

I would like to extend my congratulations to all of the award winners.

*Miss N Hood*

Principal

## **A Message from the Chair of Governors**

“One thing that is certain in life is the uncertainty of life and we have all experienced plenty of that over the last 8 months. It has been a difficult time for us all, but we have to look forward to a time when things will be better and nearer to the normal we used to take for granted.

I have seen how so many have adapted their lives and working practices over the months and none more so than the staff at Mildenhall College Academy.

Technology has played its part and teachers have been innovative in using this to develop and introduce learning practices for the students at MCA so they have been able to continue their studies at home. The staff have supported and encouraged from a distance and used their best endeavours to keep all students focused. They were also given the responsibility of assigning a centre assessed grade for each student at GCSE and A Level in the absence of the usual formal exams.

I would like, on behalf of all of us, to thank and congratulate them for their hard work, professionalism and dedication over the last year and for their continued work for the students in their care.

I am delighted to be able to congratulate our award winners this year. Your efforts have been recognised and you can be proud of the award you have received. I am sorry that we cannot all be present in the Dome to celebrate and for you to be presented with your award and congratulated by your peers and your families in person. It is a special event for all involved and I hope that you continue to work hard and achieve so that you can be part of the evening again next year.

Finally, I would like to again congratulate you all on your successes and hope that you all keep safe and well.”

Mr Ian Gray  
Chair of Governors

# **Academic Awards**
