 Mildenhall-College-Academy

Principal's Welcome

Welcome to Mildenhall College Academy's 2021 Awards. Whilst this is not how we would usually celebrate, we believe it is still important to recognise the effort and achievements of our students throughout 2020-21.

This awards newsletter highlights how amazing the students of MCA are and the staff who help them in their education and personal development. It is important that the academy, parents/carers and students work together and this also means celebrating together.

We have all been challenged over the last couple of years and we will have to continue to show resilience in the face of the pandemic for a while longer. I am confident that the MCA community can and will continue to lead from the front in doing so.

I would like to extend my congratulations to all of the award winners.

Miss N Hood

Principal

A Message from the Chair of Governors

This is my first year as Chair of Governors and I'm a little sad that I won't have the opportunity to meet you personally, as we find ourselves again unable to recognise our students for their amazing achievements face to face. But please don't assume for one moment that this reduces the value of these awards. So much has been achieved over the past year under continued difficult circumstances.

Once again, students and staff at Mildenhall College Academy have continued to show remarkable resilience and tenacity, working together to embrace flexible "hybrid" ways of working whenever asked. I feel sure that this will stand our students in good stead for their future careers as so many employers are now choosing to continue working in this way on a permanent basis. In fact, our students have, on the whole, made this transition more successfully than many employees in the business world. I hope that all of our students make a point of mentioning this on their CVs and future job applications. It is no small achievement!

Anyone who has ever moved house will know how stressful and disruptive that can be. This past year this has included not only ongoing COVID restrictions but also the movement of the whole academy to our fantastic new home at the Hub. I feel sure that having such a wonderful learning environment will inspire our staff and students in their work.

On behalf of all of the governors, I am delighted to be able to congratulate this year's award winners. You should feel very proud of the award you have received. I hope that you continue to work hard and achieve so that you can participate in a face to face awards event next year.

Best wishes and congratulations to all of you.

Ms Jacqui Burke
Chair of Governors

Academic Awards

Design Technology and Art

Norman Salmon Award for KS3 Design Technology & Art

Art - Emma Grossman

DT – Kaia Heffer
