Safeguarding

[Nip in the Bud](#) offers learning for parents and carers about children's wellbeing, mental health and NDD through short videos.

[ACAMH Learn](#), the new multi-disciplinary knowledge hub from the charity **The Association for Child and Adolescent Mental Health**.

As a parent or carer of a young person, it's natural at times to be worried about a young person's mental health. Supporting a young person with a mental health condition, or one experiencing difficulty, can at times make you feel helpless. Our evidence-based short videos and webinars offer you the opportunity to broaden your understanding, and help you to answer two key questions; why is this happening and what can I do to help?

Please see the attached leaflets regarding online pornography, Alumina self-harm support and Teen Chill.

General Notices

Food Bank – Thank you!

Thank you all for the amazing donations to the food bank!

Also, what an amazing achievement for Lacey and Scarlet. Their active citizenship objective was to raise awareness of local food poverty and to make a difference to the lives of the local community who use the food bank in Mildenhall. Both girls have been thoughtful and proactive in making this happen - gathering primary and secondary research to plan actions. We are so proud of them and what they have learnt throughout the process.

Water Safety Reminder

As the weather gets warmer, we would like to remind all students and families about the importance of staying safe around water.

Rivers, lakes and other open water can be extremely dangerous, even on warm days. Strong currents, hidden obstacles and cold water can quickly put lives at risk. Students should never jump into rivers or enter open water without appropriate supervision.

Please talk to your child about making safe choices around water and encourage them to enjoy outdoor activities responsibly.

Thank you for your support in helping to keep our students safe.

Volunteer Food Technician required – Do you know anyone who can help?

We are seeking a volunteer to support our Food & Nutrition department. A few hours each week would make a huge difference in helping prepare ingredients, organise equipment, and support practical lessons for our students.

No specialist qualifications are required—just enthusiasm, reliability, and an interest in working within a team and with young people.

This is a rewarding opportunity to become part of our school community and help inspire the next generation of cooks and food professionals.

As a school, we are committed to safeguarding and promoting the welfare of children and young people. In line with our safer recruitment practices, all volunteers will be required to undergo appropriate pre-employment checks, including an Enhanced DBS check, before commencing their role.

If you can help, or would like more information, please contact sean.west@attrust.org.uk

We would love to hear from you!
